Space & Naval Warfare Systems Center Awards Contract

SAN DIEGO -- ORINCON Corporation of San Diego, California, is being awarded a \$15,019,918 indefinite delivery type contract with cost-plus-fixed-fee pricing for research and development support in signal and information technology. These engineering services support the following SSC San Diego programs: Full Spectrum Processing, Commercial Off-The-Shelf Conversion of Enhanced Modular Signal Processor, Ships Systems Automation, Situationally Adaptive Sonar Technology for Shallow Water Antisubmarine Warfare, Marine Mammal Acoustic Tracking System, Advanced Deployable Surveillance, Deployable Autonomous Distributed System, and Intelligence, Surveillance and Reconnaissance Data Fusion Processing. This contract contains one option, which, if exercised, will bring the total cumulative value of the contract to \$20,189,093. Work will be performed in San Diego. The base period of performance is from February 12, 1998 to August 11, 2001. The option period of performance will be 1.5 years if exercised. Overhead funds in the amount of \$1,501,991 will not expire at the end of the current fiscal year. This was a sole source contract. Space and Naval Warfare Systems Center San Diego is the contracting activity (N66001-98-D-5007).

For More Information Contact:
